

Merry CHRISTMAS

PLEASE PRAY!

As most of you know I am responsible to raise money for both my own support account on top of the Re:Create program. Right now I am in need of more funding overall for both support accounts. Would you consider a financial partnership with me? Please consider scanning this QR code and even sending a small year end donation! These youth need the hope of Jesus. The harvest is ripe but the labourers are few. Thank you for praying and considering giving!

Carmen Pahl

Jesus is the reason for the season!

Re:Create this month we are focusing on making Christmas presents. Lots of youth that come to the program do not have enough money to buy gifts for their families. Pictured above was the first painting event where students made the highly sought after pour paintings to start them off with something awesome to give for Christmas that was free to them. This month we will be creating wood working projects. **The reason I love creating and teaching youth how to create and make presents from scratch for their families is because it connects me to Jesus in such a unique way.** Jesus himself was a carpenter. I truly believe that creating with your hands and working hard is a way that Jesus connected with the Father.

How are you connecting with your Heavenly Father? Are you spending time creating and reading His word and modelling your life after Jesus? These are big questions this time of year. Often we get so wrapped up (literally) with gifts, and money that we forget to take time to pause and realize that not everyone has money to buy presents. **Let us now forget that Jesus is the reason for the season. He was the Father's gift to us. Make sure you take time to thank Him for all he has given you!** And maybe consider making someone a Christmas present this year! Thank you for your faithful support and prayer. I am so grateful to share Jesus with the youth of Saskatoon and that has a lot to do with your faithfulness to stick with me all these years!
